

National Service in Michigan

MEETING COMMUNITY NEEDS IN MICHIGAN

More than 12,000 people of all ages and backgrounds are helping to meet local needs, strengthen communities, and increase civic engagement through national service in Michigan. Serving at more than 2,300 locations throughout the state, these citizens tutor and mentor children, support veterans and military families, provide health services, restore the environment, respond to disasters, increase economic opportunity, and recruit and manage volunteers.

This year, the Corporation for National and Community Service (CNCS) will commit more than \$28,860,000 to support Michigan communities through national service initiatives. CNCS invests in cost-effective community solutions--working hand in hand with local partners to improve lives, expand economic opportunity, and engage citizens in solving problems in their communities. Serving in many of the state's most impoverished communities, CNCS provides vital support to schools, food banks, homeless shelters, community health clinics, youth centers, veterans service facilities, and other nonprofit and faith-based organizations at a time of growing demand for services. Through a unique public-private partnership, this federal investment will leverage an additional \$16,340,000 in other resources to strengthen community impact, build local support, and increase return on taxpayer dollars.

AmeriCorps: This year AmeriCorps will provide more than 1,400 individuals the opportunity to provide intensive, results-driven service to meet education, environmental, health, economic, and other pressing needs in communities across Michigan. Most AmeriCorps grant funding goes to the Michigan Community Service Commission, which in turn awards grants to nonprofit groups to respond to local needs. Most of the remainder of the grant funding is distributed by CNCS directly to multi-state and national organizations through a competitive grants process. Other individuals serve through AmeriCorps VISTA, whose members help bring individuals and communities out of poverty by serving full-time to fight illiteracy, improve health services, create businesses, and increase housing opportunities, and AmeriCorps NCCC (National Civilian Community Corps), a 10-month, full time residential program for men and women between the ages of 18 and 24. In exchange for their service, AmeriCorps members earn an education award that can be used to pay for college or to pay back qualified student loans. Since 1994, more than 25,000 Michigan residents have served more than 36 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$80,330,000.

Senior Corps: More than 11,000 seniors in Michigan contribute their time and talents in one of three Senior Corps programs. Foster Grandparents serve one-on-one as tutors and mentors to more than 5,500 young people who have special needs. Senior Companions help more than 3,300 homebound seniors and other adults maintain independence in their own homes. RSVP volunteers conduct safety patrols, renovate homes, protect the environment, tutor and mentor youth, respond to natural disasters, and provide other services through more than 1,200 groups across Michigan.

Social Innovation Fund: The Social Innovation Fund transforms lives and communities using limited federal investment as a catalyst to grow the impact of nonprofits with evidence of strong results. It harnesses the expertise of grantmaking intermediaries to identify, evaluate and expand effective nonprofits and engages funding partners to contribute nearly three dollars to every one federal dollar invested. As the Social Innovation Fund network grows programs that work in Michigan, more people are able to overcome their most pressing challenges in the areas of economic opportunity, health, and youth development. The Social Innovation Fund is investing \$2,660,000 in expanding the impact of 18 nonprofits in Michigan, selected and supported by 1 intermediary.

The Corporation for National and Community Service is a federal agency that improves lives, strengthens communities, and fosters civic engagement through service and volunteering. CNCS annually engages more than five million Americans in service to meet local needs through Senior Corps, AmeriCorps, and national days of service; improves communities through the Social Innovation Fund, and leads President Obama's national call to service initiative, United We Serve. To learn more visit NationalService.gov or Serve.gov or call 202-606-5000 or TTY 1-800-833-3722.

- Notes: The data shown represents a snapshot in time. CNCS project sites, participants, and funding change throughout the year, so the data may not reflect current conditions.
- This figure represents the number of awarded positions available to be filled in the 2013 - 2014 program year. For AmeriCorps VISTA, this represents the actual number of VISTA members in active service.
 - This figure represents the maximum potential value of Segal AmeriCorps Education Awards that can be earned by AmeriCorps members serving in Michigan. The award can be used in any state to pay for college, graduate school, vocational training, or to pay back student loans. The education award total is included in total CNCS funding.
 - AmeriCorps National figures may include national programs headquartered in the state and/or operating sites of national programs that are headquartered in other states. Funding reflects the estimated proportionate share of the national grant associated with operating sites in this report. Some national organizations do not report operating site data, or it was not available at time of publishing, so figures may not reflect current conditions.
 - The service location total may contain multiple counts of unique locations where multiple CNCS programs are operating.
 - As part of its public-private partnership approach, CNCS requires grantees to leverage additional resources to strengthen community impact and increase the return on the federal investment. This figure reflects non-CNCS cash and in-kind resources that CNCS grantees and project sponsors have committed to raise to support their programming activities across the state.

Since 1994, more than 25,000 Michigan residents have served more than 36 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$80,330,000.

National Service Impact in Michigan

AmeriCorps

As part of the Detroit Youth Energy Squad, 18 AmeriCorps members lead energy-saving home visits and workshops in Detroit. The Squad also partners with more than 30 Detroit Public Schools to assist students, teachers, and staff with energy-saving tips and promote STEM education related to environmental sustainability. More than 1,500 low-income households received weatherization and energy education last year and enjoyed a total of \$588,250 in energy savings. The Squad has also established a district-wide partnership and an innovative cost-sharing plan with Detroit Public Schools. By documenting \$395,000 in total energy savings, which was \$245,000 above projected savings, Detroit Public School officials agreed to increase its matching share from \$70,000 to \$150,000 during the 2013 to 2014 year. The greater savings means greater environmental benefits, more student engagement, and a more sustainable financial future for the program.

AmeriCorps NCCC

Hiawatha Shore-to-Shore leverages volunteers and partners who develop, maintain, protect, and promote the North Country National Scenic Trails as the premier hiking paths across the northern tier of the United States. Its assigned AmeriCorps NCCC team, Cedar Six, constructed 4,915 feet of boardwalks in 40 locations, built 2.1 miles of new trail throughout the Eastern Upper Peninsula, removed 80 stumps, and blazed 38 trees to direct hikers. Members learned about trail rerouting, tread maintenance and creation, benching, blazing to mark trails, and boardwalk construction. The team helped build trails that people of all ages can enjoy—from making new areas accessible to hikers of all ages to creating smoother tread and routes around large hills to appeal to older hikers. By building 40 boardwalks in areas that get very muddy, the trail is usable year round, even during the rainy season.

AmeriCorps VISTA

AmeriCorps VISTA members at the Piast Institute focus on alcohol and drug-abuse prevention programming with the goal of improving the health and wellbeing of economically disadvantaged school children. The four members also develop resources to help sustain these important programs. Throughout 2012, they experienced extraordinary success in the area of resource development, which in turn was instrumental in supporting various events, supplies and ultimately programming. Grants in the amount of \$59,500 and \$14,000 of in-kind contributions were secured to sustain and enhance the drug and alcohol-abuse prevention programs and initiatives in Hamtramck.

Senior Corps

The Foster Grandparent Program, sponsored by Catholic Charities West Michigan Lakeshore, focuses on improving reading scores for third graders whose Michigan Education Assessment Program scores are below grade level. Eighty-three Foster Grandparents provided literacy support services in twenty-three elementary schools across Muskegon, Newaygo and Lake counties. Data for the completed 2012 school year demonstrated significant improvement in the literacy levels of 159 third graders who were identified by teachers as needing intervention due to low reading scores. Teachers reported an increase in overall reading participation for 96.6 percent of the children assigned to a Foster Grandparent. This number exceeds the 95 percent target. Additionally, 95.8 percent of the school-aged children served by a Foster Grandparent improved their reading abilities as assessed by the school district standardized test and reported by their teacher.

Social Innovation Fund

With their Social Innovation Fund grant of \$2 million per year and their dollar-for-dollar matching funds, United Way for Southeastern Michigan supports 11 nonprofit subgrantee programs in greater Detroit and the surrounding areas to implement replicable early childhood learning programs. Working on the principle that the majority of development occurs before a child enters school, since 2005 the United Way for Southeastern Michigan (UWSEM) has set a goal that 80 percent of children in Detroit should enter kindergarten with the social, emotional and cognitive foundation for success. UWSEM's Greater Detroit Early Childhood Innovation Fund will address greater Detroit's long-term systemic social and economic problems by investing in children at an early age.

Volunteer Generation Fund

National Service Impact in Michigan

Using their Volunteer Generation Fund grant, the Michigan Community Service Commission made sub-grants to seven volunteer connector organizations across the state to increase the number of volunteers addressing health and public safety issues in local communities. One sub-grant went to the Allegan County United Way to support the creation of a Volunteer Medical Corps to provide free quality healthcare to uninsured and underinsured county residents. The Volunteer Medical Corps holds day-long Free Health Care Clinics providing medical, dental, and mental health services to eligible children and adults. Volunteer physicians, nurse practitioners, registered nurses, medical assistants, dentists, dental hygienists, mental health providers, as well as non-medical staff provide pro bono services at the clinics. In the first year, the Allegan County United Way recruited a total of 243 new volunteers, 59 of which were highly-skilled. Seventy patients were seen in their first two day clinics including children with strep throat, an undiagnosed diabetic mother, and a father with pneumonia. In addition, a collaborative of 16 partners has been formed that now accesses medical supplies and pharmaceuticals. As a result of this increased volunteer activity and effectiveness, the Allegan County Volunteer Medical Corps are creating systemic change to address health care challenges in this rural county.
